

Our “What can you make with a box?” day
18th May 2016

We advertised our “What can you make with a box” workshop at welcome time and invited parents to come and join us.

We set up a box workshop area outside

The children used lots of different materials to decorate their boxes

Halima and her daddy made a car

Philip and his mummy and daddy made a tank.

Awais and his daddy made a house.

Chloe and her grandma made a castle.

Come and look in our nursery books for more photos from our
“What can you make with a Box” workshop!
