

This Week's 'What's Happening'

Sign of the Week

This week's Makaton sign is **'toothbrush'**. We will use this sign to talk to your child about taking care of their teeth, using a toothbrush and toothpaste.

Word of the Week

Our 2-year-old vocabulary focus this week will be **'paint palette'**. We will talk about different colours and shades, and tools we use. Talk to your child about painting at home and anything you use at home to be creative and artistic.

**Monday 6th
July**

Consultation Week

If your child is leaving us you are invited to meet with your child's key person this week. You will be given a copy of your child's Leaver's Report and have the opportunity to discuss their progress, achievements and next steps for their learning and development.

**Tuesday 7th
July**

Better Smiles Accreditation

We are very proud to have been awarded a **GOLD AWARD** for commitment to improving children's oral health. Look out for our certificate displayed in school. Please talk to your child's Key Person if you would like guidance around brushing your child's teeth.

**Wednesday 8th
July**

Allotment

Our allotment visits will take place this week on Wednesday afternoon and Friday morning. The children are enjoying watering and weeding our different plants and flowers.

**Thursday 9th
July**

Fresh Food Voucher Scheme

We are a referral partner for the Nourishing Food Voucher scheme. Families can receive weekly shopping vouchers for 6 months to use at Darley Street Market. Please talk to Sally if you feel your family would benefit from this service.

Friday 10th July

Download the 50 things app and have a go at #20 Mini Artists

Let your child's imagination inspire their artistic masterpiece. They will have lots of fun expressing themselves through each line they make and colour they use. Heading outside can provide more opportunities to go big with their creations, try using just water or chalk on the pavement.

Is your child starting Reception Class in September?

More than 1 in 5 children aged 5 years have tooth decay. Visit the website to find out how to prevent this and keep your child's smile healthy. Check your learning journal for a digital copy of the booklet.
